PROFILE

Data science Enthusiast looking for a Data science where i can apply my knowledge in developing ML models and dashboard. Competent in Languages like Python, SQL, PowerBI, where I am adept at cleaning, analysing, and visualising data from a business perspective.

PROJECT

Employee Recruitment Prediction System | Python, ML :

- Built and automated model for selecting candidates based on the skills and experience.
- Preprocessed data through technique such as imputing missing values, encoding categorical data, and scaling features.
- Applied supervised Classification models like logistics Regression and Random Forest Scikit-learn.
- <https://github.com/satyam-028/-Employee-Recruitment>

Movie Recommendation System | Python, ML :

- Built a recommendation system using collaborative filtering.
- Improved user recommendations based on similarity score.
- Used Pandas and Scikit-learn for Data preprocessing and modeling.
- https://github.com/satyam-028/-Movie-Recommendation-System/blob/main/movie_recommendation%20.py

Spotify Data Analysis | PowerBI :

- Analysis Spotify music data (tracks, artists, popularity, genres) using PowerBI.
 - Built interactive dashboard, improving music trend insight by 35%.
 - Identified Top 10 artist and tracks contributing ~45% of total streams.
-

EDUCATION

Bachelor of technology (B.Tech) - Computer Science and Engineering

2022 - 2026

Dr. A. P. J. Abdul Kalam Technical University, Uttar Pradesh

- Specialization in AI engineer.
 - CGPA : 7/10
-

SKILLS

- **Programming Languages:** Python, C, Java, SQL, HTML&CSS.
 - **Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, Seaborn, Plotly.
 - **Machine Learning:** Scikit-learn, Regression Analysis, Classification Models, Clustering model
 - **Databases Management:** MySQL, PostgreSQL
 - **Tools & Platforms:** Jupyter Notebook, Git, Microsoft Excel, Power BI, pgAdmin
 - **Core Concepts:** Object-Oriented Programming (OOP), Statistics, A/B Testing, Data Analysis
-

CERTIFICATE

- **Python for Data Analyst:** UDEMY
- **Machine Learning:** UDEMY
- **GenerativeAI Professional:** ORACLE
- **SQL:** UDEMY
- **Excel for Data analyst:** UDEMY
- **PowerBI:** UDEMY
